

\* as of April 1, 2020

## Country figures & targets\*

Total number of Signatories

5      48      3      **56**

Committed to 20% by 2020

Committed to 30% and climate change adaptation measures by 2030

Suspended

### Population

almost every **2nd** citizen lives on the territory of the CoM Signatories

**44%** of the total country population

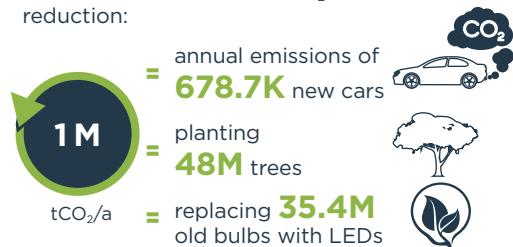

Sustainable Energy (and Climate) Action Plans (SE(C)APs) **submitted:** **18**

Sustainable Energy (and Climate) Action Plans (SE(C)APs) **accepted:** **13**

**Monitoring reports submitted:** **8**

### Expected results of implementing accepted SE(C)APs

Commitments related to CO<sub>2</sub> emission reduction:

Energy savings to be achieved:

EU4Energy

Covenant of Mayors  
for Climate & Energy  
in Belarus

# BELARUS

## Sectors and measures

Energy efficiency in buildings

Transport

Local renewable energy generation

Street lighting

Waste management

Climate adaptation measures

Raising public awareness

## Total investments planned\*

\* as of April 1, 2020

## Demonstration Projects Eastern Partnership

**5** Demonstration Projects have been/  
are being implemented in Belarus:

PHASE I	PHASE II
POLACK BRASLAŨ ČAVUSY	AŠMIANY BIAROZA

**Ms Olga Salaheeva**  
Communication Expert [olga.salaheeva@eumayors.eu](mailto:olga.salaheeva@eumayors.eu)

The **EU4Energy Initiative** covers all EU support to improve energy supply, security and connectivity, as well as to promote energy efficiency and the use of renewables in the Eastern Partner countries Armenia, Azerbaijan, Belarus, Georgia, Republic of Moldova and Ukraine. It does this by financing projects and programmes that help to reform energy markets and to reduce national energy dependence and consumption. Over the longer term, this makes energy supply more reliable, transparent and affordable, thus reducing energy poverty and energy bills for both citizens and the private sector.
